III. 1 What did you like about the class?

How the teacher is willing to go step by step with you
Instructor very dynamic and engaging. Great foundational information.
Prof Burnett was very interactive. I liked some of the historical content he provided as well. He's very good at relating the course content to the direction that the industry is going as well.
I like the class because there is a lot practice.

It was engaging. Instructor was great.
Fast pace of instruction
the knowledge that the teacher has about web programming languages
Learned more than expected not only about HTML but on the Internet in general.
How our teacher made it easy to understand!!
Liked the professors attempt to tie concepts to real world / and historical relevance.
The in-depth knowledge and presentations
html

III. 2 What didn't you like about the class?

N/A
Too much time spent with individual problem-solving, ran out of time for exercises.
The amount of time consumed by the other students needing help. It seems that some struggled at times and this took up a lot of time. Also my the computer I was using wouldn't connect to the network at some point.
It went to quickly.
needed lab time- or lab assistant
N/a.
Everything
setting up sites somehow caused my session 2 work to be lost.
The IDEs had a lot of issues with working and connecting correctly
na

III. 3 What improvements would you suggest?

--

N/A
Is there an additional intro course that can be required?
The IDE was hard to work on, it's better to work on other IDEs.
needed lab time- or lab assistant
the class probably needed to be a couple of classes longer
Different IDE's for HTML.
Nothing
none.
Updating the IDEs, feel like we spent too much time on trying to get everyone's to work correctly
more form validation

III. 4 What other classes would you like to see offered?

ohh digital art for beginners
UX/UI
I'll be taking CSS, but is there more of a web design course?
Classes for Back-end web development.
