III. 1 What did you like about the class?

Very well prepared instructor, worked well with different levels of expertise in the class
Hands on activities.
through step-by-step exercises
I really liked the subject material in general.
The instructor and the course material
Everything.
Hands on instruction.
I enjoyed the class, but it went a little too fast for me. I will learn better the class go bit slow.
Good content. Great, energetic instructor.
Clear instruction, engaging. Dives direct to coding practice.

III. 2 What didn't you like about the class?

computers were a little slow
I did not like the textbook. It was hard for user to follow. A lot of errors. Unable to work with it solo.
none
I guess it was rather difficult to see the board behind my computer screen (which I'm not sure how to avoid); however, the professor provided links to the powerpoints, so I was still able to follow along.
None.
Went a little fast. There wasn't more background structure for beginners
Everything was good.
As is typical, slower students slow down the whole class.

III. 3 What improvements would you suggest?

--

New Textbook.
none
N/A
None.
More background structure on web elements
I got more computer skills.
More direction on outside class reading.

III. 4 What other classes would you like to see offered?

more classes for Apple development
UX
N/A
Information graphics class
More about web designing and computer programming.
Can't think of any.
everything was good.
I wish the schedule were easier to navigate!
