The instructor was more than informative - his pleasant manner was engaging. He drew out students who at first seemed shy and un-confident.

Comments on Learning Objectives:	
Prof. Burnett's course material was wide ranging and thorough. In addition, he asked each of us to write down 3 questions and saw to it that they were answered. Moreover, he was attentive to all the impromptu questions we raised during the class, clarifying each. He is thorough, clear, and patient in providing answers. For one question, he said he didn't know and promised to do research on that and share his findings with the class.
