III. 1 What did you like about the class?

did exactly as it was supposed to do. Covered all the basics.

Number of students in class, the pace of it.
--

Gave overview of Excel. Instructor made sure that student knew what was covered before moving on.

Carl was very patient and made sure everyone understood the data.

It is detail instruction

Very Methodical

it is detail Instruction

Mr. Burnett was very patient and came by to get me through the stumbling blocks. He even used his lunch break to help a small group. He offered to stay with me after class as well.
--

I liked the interaction with the professor and I liked meeting all the new people and can't wait to see them again.

III. 2 What didn't you like about the class?

The formula section was mindboggling. I would have appreciated it presented in smaller chunks.

Nothing

None

N/A

I had difficulty keeping up because the course was fast paced and a lot was new for me. I Have processing issues and I just couldn't keep up.

Nothing

III. 3 What improvements would you suggest?

Making sure everyone in class has "about" the same knowledge before entering. Different levels of students change the pace of class.
have instructor go slower step by step
I don't know. The course met my expectations.
Video simulation
No Reservation
more hour
The arrow moved around so fast. Expectations of pre-knowledge was too high. for me.
I would suggest have more exercises to keep practicing. Also more interaction through website.

III. 4 What other classes would you like to see offered?

Intermediate and Advanced MS Project Management.
SQL
-
SQL Developer
A more basic Excel class.
N/A
