III. 1 What did you like about the class?

The instructor was excellent.
the class is very interactive.
Instructor took the time to explain things slowly, gave us time to absorb and practice the material and offer individual help when needed.
Excellent instruction in basic Excel. Carl was very good at explaining the material, answering the students' questions, and providing individual help as needed.
For a basic class, we covered more material than I was expecting. The text was excellent, and exercises very helpful. I like that we are able to get the workbooks on line at home. Instruction was excellent also.
I increased my comfort level with EXCEL. Carl was an excellent instructor. The pace of the class was perfect - geared to the attendees.
I now have a much better foundation and education on how to use Excel.
