### III. 1 What did you like about the class?

Learning things I did not even know existed
Carl was very supportive and responsive to questions and problems.
Very informative

### III. 2 What didn't you like about the class?

The textbook confused me a lot because you had to read it VERY CAREFULLY or a small detail will trip you up. Also the time indications in the textbook for completing the sections is way lower than it took for me. I was playing 'catch-up' a lot!!!
Class was postponed

### III. 3 What improvements would you suggest?

Can a textbook series be found that has color illustrations?

More time for exercises

### **III. 4 What other classes would you like to see offered?**

???
There are already so many to choose from. Maybe add in the Office 2013 modules?
