III. 1 What did you like about the class?

Professor took the time to look up how to do a special function I asked about.
--

Very thorough and well thought out

The class help me understand some of the new applications of Excel the pace of the lessons

location; convenience; accelerated format

More familiar with Excel and the learning process.
--

The class covered a lot of information succinctly.
--

The hands on exercises where we got to try the lesson.
--

Give me more comprehension

III. 2 What didn't you like about the class?

N/A

I was looking for more in-depth analysis applications

nothing

Everything was great!

As with the MS Excel Level I class, I learned a great deal about Excel and liked everything about this course.
--

As the lesson gets into the harder points a little more focus would have been great

Give me more knowledge about Excels 2016
--

III. 3 What improvements would you suggest?

N/A

Great course
none
None.
N/A
Possibly making a 3rd session in order to help us grasp some of the harder subject matter.

III. 4 What other classes would you like to see offered?

Using Excel for statistical analysis
don't know
beginning coding or programming during the day; web content management; technical writing; document management; cGMP and cGLP--intro to biotechnology that isn't a full semester long course.
None.

IV. 1 How did you find out about this class?
