III. 1 What did you like about the class?

Great Instructor
Professor Burnett
It was nicely paced given the topics being covered
The course work and the teaching format of the professor
That we did the exercises step by step

III. 2 What didn't you like about the class?

Format
All three levels of Excel did not complete the last Chapter of the book.

Class got a little slowed by program crashes and differing experience levels of students
Too much time given to class assignments due to the slow pace of the classmates, which resulted in rushing through the class at the end
that we took too many breaks and some of the exercises were done to fast

III. 3 What improvements would you suggest?

None
1/2 Hour lunches.
Given this is a common problem it is not that avoidable but this class was better than other at mitigating it
Attempt to cover all course content within the class time
manage the time of the exercise better

III. 4 What other classes would you like to see offered?

More Microsoft classes on different dates to cause less conflict with being able to take more classes in other Microsoft software.
Class dedicated to just pivot tables.
More IT classes

III. 5 What is (are) your reason(s) for taking this class?

To advance excel skills
To be able to pass the MOS Certification Exam.

More familiarity with Excel and some of the more complex functions. Also some of the newer features
To enhance my skills of advanced Excel
self improvement

IV. 1   How did you find out about this class?
