III. 1   What did you like about the class?

As a weak student, I could not learn the advance class well
Professor Burnett's discussion of practical application of MS Project were helpful and instructive.
Hand-on exercises and practical application.
Practice exercises were extremely helpful.
I liked the combination of real-world examples and clear instruction.
It was practice oriented, I am much more comfortable with navigating the program

III. 2   What didn't you like about the class?

I could not learn well the advanced lesson
Bookstore ran out of the book for this class. Professor Burnett provided me copy of exercises to complete in the class.
There were MS Project features that weren't explained in the text book.
Would like more time building project from scratch or doing more practice exercises.
Maybe needed to be longer to get more used to the program.
A lot of searching around to find what we are looking for

III. 3   What improvements would you suggest?

teacher has to pay attention to all student equally
Thank you Prof. Burnett for the class experience!
More exercises.
A little longer.
More practice time, but that would require a longer class...

III. 4   What other classes would you like to see offered?

don't know
Visio, additional SharePoint classes for MS Project Integration, Into to Office 365
More integration courses - systems that you use Project with
I believe the classes offered are appropriate
