III. 1   What did you like about the class?

it was interactive and informative, I was able to build a website easily
In addition to wonderful details about what website creation requires, I appreciated how up to date he is on the importance of development for mobile devices. I frankly took this class last semester with another instructor, who never mentioned this. Mobile devices are most likely to be used for checking out websites in my target audience.
Simple logical way in which the course was presented.
The instructor was very knowledgeable about the topic and presented the material in very engaging manner.

III. 2   What didn't you like about the class?

it was short
Nothing
It could have been another day longer
No problems

III. 3   What improvements would you suggest?

need more time
I would love a follow-up class - part 2 - for students as we continue to work on our sites and update and maintain them.
None at the moment

III. 4   What other classes would you like to see offered?

See under #3
NA
A follow on class

III. 5   What is (are) your reason(s) for taking this class?

I am setting up an online business to raise funds for an educational nonprofit. I also want to use the experience to help immigrants and refugees with setting up home businesses.
To understand the basis under which websites can be built and some of the accompanying technology terms.
Curiosity about web design.

IV. 1   How did you find out about this class?
