## III. 1 What did you like about the class?

Very informative. Instructor was very knowledgeable.
Strong support from instructor and fellow students
Enjoyed the lectures and the exercises.
Professor was very knowledgeable about the subject matter and patient with questions.
Getting more in depth training on CSS3 and SASS
Instructor was excellent at explaining course concepts in an easy to understand manner for students of all skill levels

## III. 2 What didn't you like about the class?

all good
May be a little too fast?
The textbook was difficult to follow
Wish we could have done more with SASS
Number of sessions did not permit a deeper look at covered concepts.

## III. 3 What improvements would you suggest?

Add one more day for the four sessions.
More specialized textbook that is tailored to the class.
Would be nice if the class was longer but for the price, it's already an incredible value.
Increase number of sessions

### III. 4 What other classes would you like to see offered?

I am interested in taking the back-end web development class series.
Taking more. So, I think there are enough classes.
Linux Fundamentals, more graphic design courses
Philosophy for web development, UI and UX logic.
Using setting up IDEs for web development and computer programming

### III. 5 What is (are) your reason(s) for taking this class?

Enhance knowledge of current technologies.
Eventually learn all about front end development.
Front End Developer Certificate
Am completing the web front end certification and because I'm doing some of this type of dev at work.
Begin a career in computer programming/Web Development
