**III. 1 What did you like about the class?**

The instruction was wonderful with a lot more details.
Very informative and well thought out.
Length of time for course materials
Doing the course exercises.
I liked how it was a brief overview of the topics covered. I can now explore these aspects further in depth on my own time.
The exercises were practical.
The instructor encourages student participation and he is helpful.
ajax
it is interesting!!

**III. 2 What didn't you like about the class?**

Everything was fine.
The seats are a bit old and uncomfortable.
N/A
Wish we could have done more hands on coding.
It was kind of short, however that not really a bad thing in regards to this subject matter
It felt a bit short.
too short

Every thing was exiting to know more
--------------------------------------

### III. 3 What improvements would you suggest?

Nothing in particular.
------------------------

Using the book more often
---------------------------

N/A
-----

Doing more course exercises.
------------------------------

Extend the course an additional week
--------------------------------------

An additional session.
------------------------

more exercises
----------------

nothing
---------

### III. 4 What other classes would you like to see offered?

There are a lot of classes.
-----------------------------

SQL classes
-------------

N/A
-----

More about when or why you would use some of these languages.
---

I am happy with what is offered currently
---

No suggestions at this time.
------------------------------

Java Spring Framework
-----------------------

es6
-----

none
------

### III. 5 What is (are) your reason(s) for taking this class?

Possible Front End Web certification.
Front End Developer Certification
Front End Web Dev
Want to complete front end certification and be more familiar with JSON, XML feeds.
Personal and career development
To Learn JSON & XML
To get the certification.
transporting data between front end and backend
ajax
To be come a front end development
